

How to Request Medications Using your Healow App

1. Open your Healow App & Click on Medications

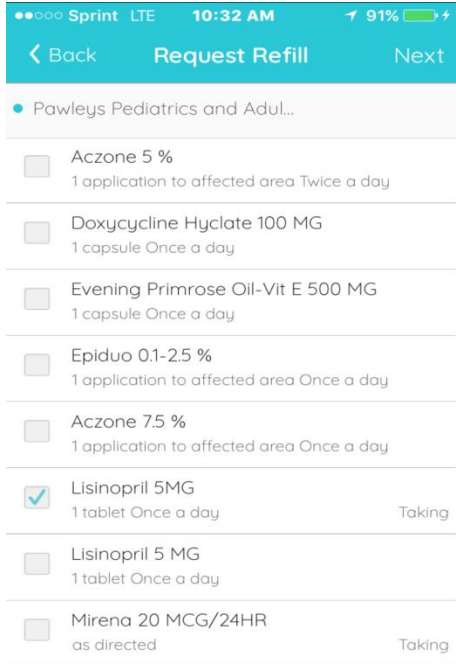

2. You must click on “Keep in My Meds” prior to requesting a refill

3. Click on the “Refill Request” within the orange box (see the image above)

4. You will then be able to check the Prescription you are needing a refill on

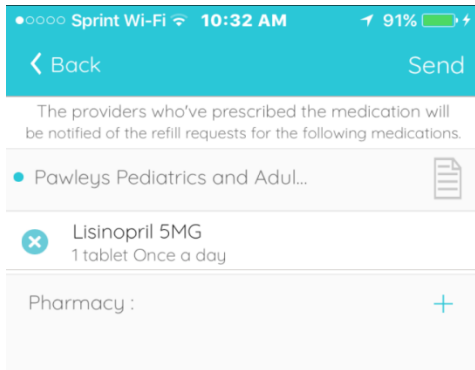

****Click the Box Here**

**** If it's a current Medication you have kept in your Meds, it will say "Taking" to the right of the Medication**

5. You will then be able to select your Pharmacy

****Click the blue plus sign +**

You will be able to search for your pharmacy
